Shafira Anindia Alif Hexagraha (Hexa) assists domestic companies and multinationals on transactional matters and projects and is heavily involved in projects in the energy and natural resources sector.

Prior to joining SSEK, Hexa spent almost four years at another leading law firm in Jakarta, where she was extensively involved in project development matters, with a particular focus on renewable energy projects.

Before beginning her career as a corporate lawyer, Hexa was a researcher at an international development institution and non-government organization in the environmental sector. Hexa's experience in the private and public sectors has made her a well-rounded corporate lawyer who is able to deliver added value to clients, especially those working in highly regulated sectors.

Hexa has advised on various aspects of power projects, including investment, project development and transaction, as well as policy making. She is passionate about environmental and climate issues, as seen in her extensive experience in the development of climate policy frameworks with various stakeholders in the country.

Education

- University of Indonesia, S.H., 2017
